

Meet Your Vacedo Smart Sleeve DUAL-SENSOR AI • USPTO PATENT PROTECTED

- **Smart Inhale Sensor:** Listens for the soft airflow of a puff.
- **Multi-Function Button:** Wake up, log manually, or get urge help.
- **Finder Chime:** Plays a friendly chime to locate misplaced vapes.
- **Motion Sensor:** Detects when you lift the vape to your mouth.
- **Glowing Light Ring:** Confirms when a puff is recorded.
- **Days of Battery:** Auto-sleeps when idle; recharges via USB-C.

1. EASY 3-STEP SETUP

- 1 **Slide It On:** Slide the elastic Vacedo smart sleeve snugly onto your vape device (fits JUUL, RELX, and popular pod vapes).
- 2 **Align Microphone:** Make sure the small microphone hole faces toward your vape mouthpiece so it clearly hears your inhale.
- 3 **Click to Wake:** Click the round button once. The light blinks once to let you know Vacedo is awake and ready!

2. URGE SUPPORT BUTTON & MANUAL PUFF LOGGING

1-Click: Wake & Check

Click once anytime to wake Vacedo up from sleep or check that your smart sleeve is active and connected.

Hold 2s: Urge SOS

Feeling a strong craving? Hold for 2 seconds to trigger instant craving-relief tools and calming exercises on your phone app.

Double-Click: Manual

Want to log a puff manually or vaping in loud ambient noise? Double-click to instantly record a puff.

3. BATTERY LIFE & SMART SLEEP

Smart Battery Saver

When resting on a table for 10 minutes, Vacedo goes to sleep to save battery. Whenever you are ready to vape again, **click the button once to wake it up.**

USB-C Fast Charging

Plug in with any standard USB-C cable for 30–45 minutes for a full charge that lasts several days of normal daily use.

HELPFUL TIP: When plugged in to charge with USB-C, puff detection and sounds pause automatically so you never get accidental counts while handling the cable.

Your Personal Vacedo Cessation Coach

INSTANT BLUETOOTH SYNC

- **Real-Time Tracking:** See your exact puff count and daily reduction goal.
- **Find My Vape:** Tap a button in the app to make your sleeve chime.
- **AI Coaching:** Gentle behavioral guidance and urge relief techniques.
- **Encrypted Privacy:** Secure 6-digit PIN keeps health data confidential.
- **Battery Status:** Always know how much charge you have left.
- **Trigger Journal:** Discover what times and places spark cravings.

4. 30-SECOND MOBILE APP PAIRING

1. Turn On Bluetooth

Open the Vacedo app, go to **Device Settings**, and tap "Vacedo" in the nearby list. It connects in seconds.

2. Enter Default PIN

The factory pairing code is: **000000**. Your records are encrypted. You can change your PIN in the app anytime.

3. Find My Vape Chime

Can't find your vape? Tap "Find Device" in the app, and your sleeve will play a clear 10-second chime with blinking lights!

Personalized Puff Sensitivity (Adjust Anytime in the App)

Everyone inhales a little differently. You can adjust the sensitivity level in the mobile app:

- **Standard (Recommended):** Perfect for normal daily vaping and standard pod airflow.
- **Gentle Inhale:** Best for soft draws or tighter airflow pods.
- **Active / Outdoor:** Great for workouts, outdoor runs, or windy environments to filter out background noise.

5. LIGHT & SOUND QUICK REFERENCE GUIDE

WHAT VACEDO IS DOING	WHAT YOU SEE	WHAT IT MEANS
Puff Recorded!	● Solid Green for 2s	Puff logged and synced with your phone. Brief cool-down prevents double-counting.
Waking Up / Ready	● Single White Blink	Woke up from sleep. Active and monitoring your vaping automatically.
Manual Mode Active	● Rhythmic Blue Blinks	Manual mode enabled. Click button once whenever you take a puff.
Urge Help Requested	● Fast Amber Pulse	2-second hold registered. Check your phone app for craving relief guidance!
Finder Chime Playing	● Amber Blink + Chime	Playing a 10-second melody from your phone app to help locate your vape.
USB-C Charging	● Solid Red / Orange	Battery charging safely. Sensors pause automatically during charging.
Deep Sleep	● Light Completely Off	Auto-sleep after 10 min idle to save battery. Click button once to wake up.

6. BATTERY CARE & CLEANING

Battery Longevity

Thanks to intelligent auto-sleep, a single full charge lasts days. Top off every few days with standard USB-C for 30–45 minutes.

Cleaning & Water Care

Wipe exterior with a slightly damp, soft cloth. Do not submerge in water or allow liquids to enter the top microphone hole.
